Awesome music, peaceful but with the right amount of tension that I like.

This is beautiful and awesome. I used it in Temple of the Wumpus. <https://jdmgames.itch.io/temple-of-the-wumpus>

This is a beautiful peace for relaxing in general. You deserve to be mentioned in the credits at the very least. <3

Hi! I love your music, so I used it in my Jumpking custom map 'Babe of Dimension'. Also, I put your name in ending credit. It will be released on March. Thank you :)

This is really lovely music. Fitting for a forest. I feel that a lot of stock music has an "ameteur" sound, but this doesn't at all.

Cool track. I'm going to use this in my game, SpaceCorp: 2025-2300AD!
